

Electrical Engineer Position:

Ecolomondo Process Technologies (EPT) is a leader in the conversion of waste to energy. EPT is wholly owned subsidiary of Ecolomondo Corporation (a publicly listed company on the TSX-V exchange) with expertise in waste to energy conversion, gas purification and separation, process gas/biogas upgrading and CO₂ capture technologies.

EPT offers turnkey solutions to clients and performs engineering services, installation and commissioning of plants along with skid fabrication of gas purification, separation and upgrading and waste to energy plants.

As successful candidate for the **Electrical Engineer Position**, you are an engineer who has at least 6 years of experience in the following fields:

- Design of control panel
- Professional Planner of automation and SCADA systems
- Professional in generating electrical drawings and documents (power & control schematic, panel general arrangement and BOM, panel single line diagram, ...)
- Knowledge of Instrument installation details and location diagrams
- Installation, calibration and loop checking of field instruments
- Preparing of Control Philosophy, Narrative and Shut down Key
- Designing, Implementing and Commissioning of new control loops as per site requirements.
- Skilled in different PLCs, HMI programming and troubleshooting.
- Experience in plant start up and commissioning
- Specialized in interfacing with customers and suppliers
- Organized, deadline-oriented with minimal supervision
- Member of the Order - Ordre des ingénieurs du Québec or Professional Engineer of Ontario is an asset
- Experience with gas treating and upgrading plant and pressure swing adsorption units is an asset

You have demonstrated leadership/managerial ability combined with personal humility, with strong references.

If you are interested in the exciting opportunity, please submit your application and related materials to ept-hr@ecolomondocorp.com and **state the title of the position in the subject line of your e-mail.**

We thank all applicants for their interest, however only those under consideration for the role will be contacted.
